This will reduce the number from 10 per cent to 50 per cent. Then don's buy any more. We have altogether too many cows now. Breed better, reduce danger from disease by breeding from disease by breeding from the carrier, which had become elogged, his ciothing caught in a William Tevyaw had a narrow ex-

then we shall be able upon this new foundation to fix a price based upon actual cost of production. Because milk is a byproduct and because hyproducts bear little or no relation to cost of mw material, we face a most unfortunate situation to day, namely, that the price will not pay cost of production. I mean to say that a charge of foods, labor and interest upon the investment upon one side of the ledger, and the milk receipts on the other side, will leave nice farmers out of ten in debt. This is lard indeed to understand. The dairy cow has paid mortgages, built houses, and the side of the lightning.

No fire followed the lightning.

A few days ago several boys were at the side of the pendency of said libed, to make defence therein and summoned to make an automorphic to make defence therein and summoned to make answer thereto before she to make defence therein and summoned to make an automorphic to make defence therein and summoned to make answer thereto before she to make defence therein and summoned to the form in West Rutland, which was lown to make answer thereto before she to make defence of said libed, to make defence therein and summoned to the four make answer thereto before she to make answer thereto before she to make answer the county of Washington, the down farm in West Rutland, which was lown has a go, and upon diagon and upon examing it more thoroughly it was found to be a joint. This piece of bone was shown to one of the production. I make an sum of supportant the said in the county of Washington and Rutland, which was libed to make answer thereto be make the down farm in West Rutland, which was lown farm in West Rutland, which was lown farm in West Rutland, which was loant of the four publication of the w has paid mortgages, built houses, fucated children and bought some of

Ray Albee, II years old, had a narrow escape from drowning in what is The returns from milk come periodi- known as the Cram dam at Chester Friof the da mwatching acveral other boy elsewhere. The dairy man works more hours per day than others. In fact it is commonly said that 10 hours a day will not run the dairy business success- in catching hold of his clothes. Young

was carried to a nearby house where he soon revived. The water into which the boy fell is 15 feet deep.

The Burlington weather bureau report for June showed that the average temperature was 62. Since 1884, when department reports began, no June so cold has been recorded. There were only two clear days, the poet's month showing 11 cloudy and 17 parity cloudy days. The warmest day was the 22nd with the mercury at 85 and the coldest was the 5th when it registered 34. The 5th also witherseed the largest range of temperature, the thermometer dropped of temperature and the station, creamers and all tools, for only \$2000.

\*\*The 5th also witherseed the largest range of temperature, the thermometer dropped of temperature, the thermometer dropped of temperature and the station, creamers and all tools. For only \$2000, \$20 cognition. It is rather based upon 10 days. The warmest day was the 22nd hours daily of moderate muscular effort with the mercury at 85 and the coldof a man struggling with the problems
of debt and family support.

So when an effort is made to charge

The 5th also witnessed the largest range of temperature, the thermometer dropped at from 64 to 34 The rainfall for June was from 64 to 34 The rainfall for June was to station, creamery and all business prograd. There were thunderforms the Hay and crops, all for \$1800, the half cash.

surely be based upon cost of production as the selling value of iron is to day.

When that time arrives more money must be paid for milk. Then you will ters; \$2,300 to the Vermont Baptist be able to control the environment, and state convention for support of needy not till that time. Is it any wonder that Baptist churches in the state; \$1,000 milk has been filthy when the stable to the Bessie McEwen memorial fund was primarily a fertilizer factory in of the Baptist church of Bennington; stead of an establishment for the manu facture of the most delicate and highly ican Baptist Woman's Home Missionary society and the American Paptist Woman's Foreign Missionary, societey; residue of the estate to the McEwen me-

Dr. Edward S. Cowles, who gained in South Londonderry, Shelburne, South notoriety recently in the Boston naval Decest Lowell, Colchester, Londonderry court martial and who is now located in and Stratton; one killed in wire fence Brattleboro, with his wife and child, Bris ol; one found dead in Stowe; was the driver of a team which figured The Smith company, successors to A. the three-seated surrey, in which they A. Smith & Brother, which recently sold were riding, dropped to the ground, and A. Smith & Brother, which recently sold out to the Staples-Allen company, gives the frightened horses ran away, kicking the from the third all bills against the said The Smith company or A. A. Smith & Brother immediately must be presented or Hall, were quite seriously injured, the left at their office in the Averill block; and all bills due the said The Smith company or A. A. Smith & Brother must be paid before August 1, 1910.

The team was finally stopped by the paid before August 1, 1910. the pole being driven three feet into the A. A. Smith & Brother, ground, as the horses ran.
